**Linda Shelley...**  
**SINGER**

Singer/Entertainer Linda Shelley has a wealth of experience and a voice that is soulful, powerful, energetic and deeply engaging. Her versatile interpretations range from crisp, clean, soft ballads, to the more belting show tunes, jazz and swing-inspired compositions.

A graduate of the University of Maine with a minor degree in Music, Linda later resumed training in Music Theory, Musical Theatre, and Stage Performance. She undertook 7 years of intensive study with world renowned **Judy Davis**, as well as additional stage performance training with cabaret and recording artist **Faith Winthrop**.

Her repertoire is a mix of standards, pop, show tunes, and jazz. Influences are from a variety of styles and eras encompassing the early 1930's to contemporary artists. Johnny Mercer, Cole Porter, Kander & Ebb are among the many of her favorite composers. Much of her repertoire also draws from the 60's and 70's where other early influences, such as Dusty Springfield, Barbra Streisand, Joni Mitchell, Petula Clark, Aretha Franklin, among others, play a major role in her choice of material. This versatility appeals to audiences of all ages and quickly helped build her audience following.

Linda's inherent ability to conceptualize a show is evident in her self-produced solo acts; Demonstrating her talent as a producer/entertainer to understand what it takes to bring the art of singing into something more meaningful. Brilliantly segueing one song to another, she weaves the common thread between each song to create a whole.
